

LITE AS A FEATHER

This Diet is the best kept **secret** going by Celebrities and Athletes

We give you a very low calorie diet and you are not hungry because we offer two pharmaceuticals: one to fool your body into thinking it is pregnant. Those stubborn stores of fat are then dissolved to "feed the baby"... Turbo charge the weight loss process by adding the second pharmaceutical...an injectable appetite suppressant and metabolism booster!!! Imagine...melt away stubborn fat for good!!! Average weight loss 6 to 9 lbs the first week and up to thirty the first month. Get into that dress or bathing suit THIS WEEK!
